# Petrobras facing tribunal hearing over distribution practices

Brazilian antitrust regulator CADE has recommended that state-affiliated energy company Petrobras be penalised for anti-competitive behaviour related to gas distribution between 2011 and 2015.

CADE has suggested that the discounts were applied to Petrobras' gas distributor that supplies the metropolis of Sao Paulo, an area also supplied by Comgas. A tribunal will hear the full case, but not date has been set.
