Gazprom opens construction tender for Nord Stream 2

Russian gas giant Gazprom is officially seeking bids for onshore and offshore construction of the planned 55 Bcm/year Nord Stream 2 line, the eponymous Gazprom subsidiary Nord Stream 2 told Gas Matters Today.

“The variety of construction works (offshore and onshore) is tendered in separate packages. This process is continuing according to schedule. We do not comment on tender details,” a Nord Stream 2 spokesperson said.
