Energiean pens maiden gas supply contract in Israel

Athens-based Energiean Oil & Gas has signed its first gas sales contract in Israel, agreeing to sell up to 23 Bcm from the offshore Karish and Tanin fields to private power companies Dalia Power and Or Power Energies.

The sales volume represents approximately one third of the total gas contained in the two offshore fields that Energiean purchased from Delek last year. The gas will feed Dalia's 835 MW gas power plant in Tzafit, the largest power station in south-central Israel.
