KBJ awarded EPC contract for Jordan Cove LNG

Veresen has awarded the engineering, procurement and construction (EPC) contract for its proposed 7.8 mtpa Jordan Cove LNG plant in Coos Bay, Oregon to KBJ, a joint venture comprising Kiewit, Black & Veatch and JGC.

Each KBJ member will bring a specific expertise to the greenfield project, located on the US west coast. For example, Kansas-based Black & Veatch will provide its PRICO liquefaction technology, while working closely with Japan's JGC, which will carry out the engineering, procurement and module fabrication.
