# UK carbon price delivers but Germany's Energiewende flops on CO2 – studies

The UK's carbon price floor has driven a strong reduction in the carbon intensity of the power mix, propelling the country into the “top ten low carbon power league”, according to studies published to coincide with this week's COP23 climate talks in Bonn.

UK power sector emissions dropped by 47% between 2012 and 2016, from an average of ...
