The SIGTTO interview: Andrew Clifton, General Manager

The LNG industry has an enviable safety record. To a great degree, its future depends on safeguarding that record – its “licence to operate”, as Andrew Clifton, General Manager of The Society of International Gas Tanker and Terminal Operators (SIGTTO), describes it. In this exclusive interview, he explains how SIGTTO contributes to the safety of LNG operations around the world and outlines the society’s new strategy to adapt to the ever-changing needs of an ever-growing membership.
