WS Atkins' Verdict On Britain's Regulators: 'Could Do Better'

Those who live under Britain's host of independent utility regulators have often asked "who regulates the regulators?" well now they have a report prepared for the government department that bosses over the others: the Treasury. The results of the review of the efficiency of Britain's utility regulators announced towards the end of last year by chancellor Gordon Brown, recently published by the Treasury, make interesting reading. Consultants WS Atkins, commissioned to conduct the review, say lots of nice things about the regulators but then go on to identify three areas of concern:
