Cheniere signs Sabine Pass LNG supply contract with Gas Natural Fenosa

Cheniere Energy Partners said on Monday that it has signed a 20-year sale and purchase agreement (SPA) with Spain's Gas Natural Fenosa, to supply the utility with 3.5 mtpa of LNG from 2016 from the proposed 9 mtpa Sabine Pass LNG export project. Following a recent SPA with BG Group, Cheniere has now reached its 7 mtpa supply contract target to support the construction of the first two liquefaction trains at Sabine Pass – located in the US state of Louisiana – from early 2012.
