# Iraq pushes back gas auction by one month - oil ministry

Iraq has reportedly delayed an international auction for three of its gas fields by one month until October 1. All international oil companies (IOCs) prequalified in the preceding two oil auctions last year will be invited to bid for the Akkas gas field in the western Anbar province, the Siba field in the southern province of Basra and the Mansuriyah gas and condensate field in the northern province of Diyala
