Bolivia increases natural gas exports to Argentina by 2.2 MMcm/d

Bolivia is stepping up its gas exports to Argentina in response to its southern neighbour's soaring energy demand. Carlos Villegas, the head of Bolivia's state energy company YPFB, said Bolivia would supply Argentina with a minimum of 7.7 MMcm/d in 2011, a 2.2 MMcm/d increase on the 5.5 MMcm/d it supplied in 2010.
