# Dana Gas strikes gas at Egypt's South Abu El Naga-2 field

Dana Gas has confirmed its first gas discovery in visual\_editor011 after successfully drilling an appraisal well in the South Abu El Naga-visual\_editor field in the Nile Delta, Egypt. Dana Gas Egypt president, Hany Elsharkawi, said the discovery would herald a “new era of shallow wells that can be drilled at low cost with fast production to meet Egypt's gas production demand”.
