Sinopec launches first shale gas project

China's Sinopec has launched its first shale gas project at the Fuling block near the south-western city of Chongqing, with the company planning to develop production capacity of 300-500 MMcm/year by the end of visual_editor01visual_editor, according to reports on Tuesday. Sinopec said production capacity at the block is expected to reach 1 Bcm/year by visual_editor013.
