# Uzbekistan GTL on track for final investment decision in 2013 and start-up in 2017

Sasol, Uzbekneftegaz and Petronas are on track to take a final investment decision (FID) on a 38,000 b/d gas-to-liquids (GTL) plant in Uzbekistan in the latter half of next year, project director James Vaughan has told Gas Matters Today. Gas supply and product offtake contracts are already in place, although project logistics will be tough in what is one of the world's few double-land-locked countries.
