# Repsol restructures and re-focuses post-YPF

Spain's Repsol on Tuesday presented its first strategy plan after the Argentinian government's re-nationalisation of its YPF unit. Along with re-shaping its corporate structure, Repsol plans to sell up to €4.5 billion (\$5.7 billion) in assets in visual\_editor01visual\_editor-visual\_editor016 and target 7%/year production growth from its remaining assets in the period by directing 77% of its €19 billion budget to upstream operations.
