Brazilian firm signs country's first long-term LNG SPA

Brazilian utility Centrais Eletricas de Sergipe (CELSE) has signed the country's first long-term LNG sales and purchase agreement with Qatar Petroleum affiliate Ocean LNG.

CELSE, a joint venture between GG Power and Ebrasil, has signed up for 1.3 mtpa from 2020, with cargoes to be sourced outside of Qatar. No pricing information was disclosed, but Qatar Petroleum said in a statement that deliveries would be made on an ex-ship basis.
