EGC: Cheniere has exported LNG to 14 countries

LNG cargoes from Cheniere's Sabine Pass plant totaled 4 mtpa and were exported to 14 different countries last year, Cheniere strategy VP Andrew Walker said at the Energy Exchange European Gas Conference (EGC) in Vienna on Monday.

Most cargoes went to South America, but shipments also went to Asia, Europe and the Middle East as train 1 and 2 of Sabine Pass ramped up at the end of 2016, he said.
